Visit the Resonance Project at www.TheResonanceProject.org

Join **Jeffrey Allen** for this entertaining, mind-opening, multi-media presentation of the stories and research of Nassim Hamein, research scientist and mystic. Topics include **modern physics**, **sacred geometry**, **crop circles**, **sacred sites**, **ancient religions**, and more...

Nassim Hamein is co-author of a new solution to Einstein's Field Equations that incorporates torque and Coriolis effects. This ground breaking theory lays down the foundation of what could be a fundamental change in our current understanding of physics and consciousness.
